INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–1505–1507, 1510–1511, 1513, and 1515 (Final)]

Prestressed Concrete Steel Wire Strand From Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of prestressed concrete steel wire strand (“PC strand”) from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine, provided for in subheading 7312.10.30 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).²

Background

The Commission instituted these investigations effective April 16, 2020, following receipt of petitions filed with the Commission and Commerce by Insteel Wire Products Company, Mount Airy, North Carolina, Sumiden Wire Products Corporation, Dickson, Tennessee, and Wire Mesh Corporation, Houston, Texas with regard to imports of PC strand from 15 countries. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of PC strand from Turkey were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that imports of PC strand from Argentina, Colombia, Egypt, Netherlands, Saudi Arabia, Taiwan, Turkey, and the United Arab Emirates were being sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C.

1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of October 8, 2020 (85 FR 63576). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its hearing through written testimony and video conference on December 10, 2020. All persons who requested the opportunity were permitted to participate.

The investigations became staggered when Commerce: (i) Postponed the final determinations for its antidumping duty investigations regarding PC strand from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine; and (ii) reached earlier final antidumping and countervailing duty determinations concerning PC strand from Argentina, Colombia, Egypt, Netherlands, Saudi Arabia, Taiwan, Turkey, and the United Arab Emirates. On January 25, 2021, the Commission issued final affirmative determinations in its antidumping and countervailing duty investigations of PC strand from Argentina, Colombia, Egypt, Netherlands, Saudi Arabia, Taiwan, Turkey, and the United Arab Emirates (86 FR 7564, January 29, 2021).

Following notification of final determinations by Commerce that imports of PC strand from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine were being sold at LTFV within the meaning of section 735(a) of the Act (19 U.S.C. 1673d(a)),³ notice of the supplemental scheduling of the final phase of the Commission’s

antidumping duty investigations with respect to Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on April 21, 2021 (86 FR 20711).

The Commission made these determinations pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on May 24, 2021.
